

## URGENT SAFETY NOTICE

### **DO NOT OPERATE GAS RANGE COOKERS WITH THE GRILL DOOR CLOSED.**

When the grill is operating, the grill door must always be in the open position, as detailed in the instruction manual. If the grill is operated with the grill door closed, the air supply to the grill burner is restricted causing dangerous levels of carbon monoxide to be produced.

If you own any of the gas range cookers below, **YOU MUST ONLY USE THE GRILL WITH THE DOOR OPEN.**

If you have any concerns, call 0800 110 5728 with your product code and serial number. The lines are open 9-5pm Monday – Friday. The serial number can be found on the data plate at the front edge of main oven door and on the rear of the appliance.

#### **Appliance Use:**

All gas appliances must be installed and operated in accordance with the manufacturer's instructions supplied with the cooker. Correct use and adequate ventilation is essential to ensure safe use of these cookers. Using an appliance for any purpose, other than that for which it is designed, can cause serious safety issues. The grill cavity in these appliances is designed for open door grilling and the grill must not be used as an oven, a space heater, or any other purpose.
